

FLOAT ENTRY DRIVER INSTRUCTIONS

PLEASE KEEP THIS INFORMATION IN YOUR CAB FOR REFERENCE.

Thank you for being an entry in the parade. You have one of the most important jobs in the parade – keep everyone on your entry safe and maintain a smooth flow of the parade over the 3.3kilometer route.

Just a few reminders to help make this an enjoyable experience for everyone.

1. Please arrive in the Assembly area after 12 noon and before 1 pm as there are no police in the area till 12 noon to block the area.
2. Enter only via the Tremaine Road circle area so all the marshals know that you have entered the Assembly Area. **Savoline Blvd. will be closed at 12.30 PM** to ensure a safe Assembly Area. Only parade entries are allowed east bound on Main St. W. after 12 noon.
3. Please keep your speed under 10 kmph in all areas and maintain a 10–20-meter distance between your entry and the one in front of you so everyone can see your signs.
4. Obey all marshal instructions and directions for safety and organizing the parade as there may be some last-minute changes in the assembly area to fit everyone in. Please ensure that the music on your entry does not drown out the music of other entries in front of and behind your entry.
5. Keep all entry participants off the street during the assembly and have walking groups gather on the grass boulevard until your section of the parade starts moving for safety and to allow emergency vehicles and parade golf carts access along the 1.5 km assembly area.
6. For larger vehicles ensure that you have spotters on each side of the vehicle for each axle to watch your entry and for spectators attempting to cross the parade route.
